**EXAMINER'S AMENDMENT AND REASON FOR ALLOWANCE**

1. Applicant's request for reconsideration of the finality of the rejection of the last Office action is persuasive and, therefore, the finality of that action is withdrawn.
2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

The application has been amended as follows:

Pursuant to MPEP 606.01, the title has been changed to read:

--METHOD AND APPARATUS FOR SUSPENDING OR ADJUSTING BILLING  
CHARGE FOR USAGE OF ELECTRICALLY POWERED DEVICES IF ABNORMAL OR  
HALT CONDITION DETECTED --

The following is an examiner's statement of reasons for allowance, the prior of record:

Pardo et al.            US 6,008,597 Patented 12/28/1999

Cuzzo et al.            US 6,052,547 Patented 04/18/2000

Pardo teaches a vending machine, wherein switching control circuitry is responsive to control signals to provide power to at least one of the plurality of motors to dispense a

Art Unit: 2182

selected item in the vending machine, wherein a controller monitors and analyzes power profiles of each of the plurality of motors to determine a condition experienced by the vending machine via a software module that causes the controller to record the power profiles and to compare the power profiles with power profiles pre-stored in a database. However, Pardo is silent in respect to suspending a billing charge for usage of the electronically controlled device in the case of a halt/abnormal condition (i.e. paper jam, etc.) related to the electronically controlled device as measure by power usage by comparing operating power profiles of the electronically controlled device that are pre-stored in a database.

Cuzzo teaches a printer/copier metering system which charges the user for the amount of pages printed wherein the user is not charged for unsuccessful printer/copier jobs. However, Cuzzo is silent in respect to suspending a billing charge for usage of the electronically controlled device in the case of a halt/abnormal condition (i.e. paper jam, etc.) related to the electronically controlled device as measure by power usage by comparing operating power profiles of the electronically controlled device that are pre-stored in a database.

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
